

The Manufacturers Life Insurance Company

March 5, 2020

As of January 29, 2020, the Government of Canada issued a Level 3 Travel Advisory for travel to China in relation to COVID-19 (Coronavirus).

Since this time, COVID-19 has spread globally, additional high-level Canadian Government warnings have been issued and countries continue to expand their reported cases. It has been acknowledged as a global concern and is being closely monitored by the World Health Organization (WHO)

Trip Cancellation & Interruption Insurance (“TCII”) does include an exclusion for reasons, circumstances, events, etc., that the purchaser is aware of prior to having their TCII insurance issued and which may lead to a cancellation or interruption of the trip. If before purchasing your TCII, you were aware of a reason or event that may cause you to cancel or interrupt your trip a claim for that reason or event will not be payable.

As of March 5, 2020, Manulife has determined that COVID-19 is now considered a known event and the applicable exclusion will be applied for policies issued on or after this date.

This exclusion will apply globally, including trips to territories with no existing travel advisory or outbreak.

IT IS YOUR RESPONSIBILITY to advise your clients about Manulife’s position on the COVID-19 and how this may impact their purchase. The “10-Day Free Look” period is also available to help in their decision-making process.

This notice does not apply to policies purchased prior to March 5, 2020.

We will continue to monitor this situation and provide you further updates, if required. If you have additional questions, please contact your Manulife Representative.

Q&A

- 1. Q: My client booked an insurance policy and is travelling to a country where a travel advisory is not in place, but now has decided they do not want to travel due to COVID-19. What are their options?**

<p>The Annual Policy was purchased prior to March 4, but for:</p> <ul style="list-style-type: none"> • Trips booked prior to March 4; those trips will have regular trip cancellation/interruption coverage including Travel Advisory. • Trips booked on or after March 4; those trips will not have any coverage other than CFAR for trip cancellation due to COVID-19. 	<p>The client will only have CFAR Coverage for any trip cancellation in relation to COVID-19.</p>

7. Q: On March 15th, 2020 my client books a policy which includes trip cancellation coverage for a trip they have booked to go to San Diego. What happens if there is a COVID-19 outbreak or Travel Advisory put in place after the date of purchase and the client wants to cancel?

A: Your client will be able to use the Cancel for Any Reason benefit. Cancelling due to a Travel Advisory would no longer apply as Manulife has communicated that the COVID-19 was a known event.

8. Q: On March 15th, 2020 my client books a policy which includes trip interruption coverage for a trip they have booked to go to San Diego. What happens if there is a COVID-19 outbreak or Travel Advisory put in place after the date of departure and the client wants to return home?

A: Your client will not have any coverage for interruption expenses under the policy as COVID-19 was a known event at the time of policy purchase.

9. Q: On March 15th, 2020 my client books a policy which includes medical coverage for a trip to San Diego. What happens if my client becomes ill in destination with COVID-19? What are their options?

A: Manulife will pay for the medical coverage for this client provided they have met the terms and conditions of the policy. If there is a travel advisory in place for San Diego prior to the client departing and they still chose to travel, they would not have medical coverage for any expenses due to COVID-19 at destination as per the policy exclusions.

10. Q: My client made an initial trip deposit in December and purchased a policy in December. The final payment on the trip is due on March 19th at which time the sum insured will also have to be increased. If the client decides to cancel their trip prior to making the final payment (prior to March 19th) and not travel due to the known event (COVID-19), will they receive 100% to cancel?

A1:

Yes, if there is a travel advisory after purchasing the policy in December, and the client did not make the final payment in March and they want to cancel because of the travel advisory, the client would receive 100%.

With a Premium Protection Plan Policy, your client can cancel if there is an outbreak of the COVID-19 prior to a travel advisory being put in place.

A2:

No, if there is no travel advisory. If the client wants to cancel the trip, for policies with CFAR, your client can exercise the CFAR (Cancel for Any Reason) component of the policy.

11. Q: My client made an initial trip deposit in December and purchased a policy in December. The final payment on the trip is due on March 19th at which time the sum insured will also have to be increased. On March 19th the final payment on the trip is made and the sum insured is increased. The client then decides not to travel due to the known event (COVID-19) will they receive 100% to cancel?

A: No, COVID-19 is now considered a known event. For policies with CFAR, your client can exercise the CFAR (Cancel for Any Reason) component of the policy.
